

# Finding Hope in Alateen

## **What is Alateen?**

Alateen, an integral part of the Al-Anon Family Groups, is a fellowship of young people whose lives have been affected by alcoholism in a family member or friend.

**How does Alateen help?** Alateen helps young people understand how alcoholism affects the lives of all who are associated with a problem drinker. Alateen members meet to discuss their common problems, share experience, and encourage one another. They help each other learn effective ways of dealing with their personal problems by using the principles of the Al-Anon/Alateen program.
